OUR PROMISE TO OUR DONORS

In order to uphold the trust and confidence of donors the University of York pledges to adhere to the following standards of fundraising.

• Only ask for gifts which help fulfil the vision and values of the University, while satisfying the philanthropic intent of the donor.

• Only seek funding for projects or funds which have been approved by the senior management of the University as being strategically important.

• Provide donors of gifts over £5,000 with a gift agreement, detailing the purpose of the gift and how it will be recognised.

• In cases where the agreed purpose(s) of a gift can no longer be fulfilled, the University promises to use gifts in a manner consistent with the donors’ intentions and in the spirit in which it was given, when possible in consultation with the donor(s).

• Professionally handle all donation information, above that required by law.

• Provide prompt and truthful answers to the donor about any aspect of his/her gift.

• Strictly observe requests for donor anonymity and, if asked, remove donor names from mailing lists that we share with other University departments.

• The University of York’s most recent annual report and financial statements are published online here:

• Publish membership details of boards and committees which govern the University of York: http://www.york.ac.uk/about/organisation/governance.
